code: **274264**

## DETAILS

- The Acerbis chain guide, replacing the original component, guarantees greater impact resistance thanks to the high-strength plastic material.
- The guide is made in two pieces: the body and the slide, the latter replaceable once worn, also allowing you not to have to disassemble the chain when replacing the slide or the guide itself.
- The controlled elasticity structure of the guide absorbs shocks and minimizes damage to the chain and crown.
