

HEADLIGHT VSL FOR
GAS GAS
298638

298638-

FEATURES

Here is the new Acerbis Headlight VSL, the new led headlight for Gasgas 2024 designed for Offroad use only that guarantees maximum brightness, depth of field and better clarity of details and profiles, in conditions of scarcity or absence of light. The new led headlight, which can be easily mounted by taking advantage of the original headlight frame, is designed to guarantee an unprecedented performance and an incredibly powerful light beam thanks to the 16 48W LEDs with 4320 Lumen. A highly safe product that is IP68-guaranteed and can work at operating temperatures between -40°C and +85°C. Acerbis Headlight VSL is compatible with the frames of all GasGas Enduro models equipped with battery, 2T and 4T. What are you waiting for to try our LED headlight? You'll have a clearer view of the course and ride harder, risking less.

High energetic performance for OFFROAD use only.
Maximum brightness and depth of detail guaranteed, even in total dark situations.
IP68 waterproof: permanent impermeability up to 3 metres deep.
16 Led, 48W headlight.
4320 Lumen.
DC electrical supply from 9 to 32V.
Estimated led lifespan: 50000 hours.
Operating temperatures between between -40° and +85° C.
Quick and easy installation with mounting kit, compatible with original mask

APPLICATIONS
